Dear Colleagues,

Due to popularity, Queenstown has been chosen again for the 2020 annual NZ ANZAOMS scientific meeting. It is a very popular destination for conferences at this time of year and for this reason we encourage you to register as early as possible. We will do our utmost best to make this a memorable conference but it needs one key ingredient to make it successful: YOU!

The QT hotel, Queenstown, has been chosen as our venue. It is a boutique hotel with great facilities and is certain to meet your expectations. Queenstown rooms and flights go early so please book these promptly.

The theme for the meeting will be “New developments in TMJ and Orthognathic Surgery”. We have two renown international speakers who need no introduction:

Drs Louis Mercuri and Larry Wolford

We are also expecting well known local speakers and local trainee presentations. On behalf of NZ ANZAOMS, I warmly welcome you to this event.

Dr Cameron Lewis
NZ ANZAOMS Chairman
Dr Louis G. Mercuri, DDS, MS

Dr. Mercuri is a Cum Laude graduate of Georgetown University School of Dentistry, Washington, DC. He received his Certification and Master of Science degree in Oral and Maxillofacial Surgery from the University of Illinois Chicago.

Dr. Mercuri is a Life Member of the American Association of Oral and Maxillofacial Surgeons and a Retired Diplomate of the American Board of Oral and Maxillofacial Surgeons.

Dr. Mercuri is the recipient of the 2009 Oral and Maxillofacial Foundation Research Recognition Award, the 2010 William J. Gies Foundation Distinguished Achievement Award in Oral and Maxillofacial Surgery and has been awarded an Honorary Fellowship in Faculty of Dental Surgery from the Royal College of Surgeons of England for his body of work in alloplastic TMJ replacement.

Dr. Mercuri is a Visiting Professor in the Department of Orthopaedic Surgery at Rush University Medical Center Chicago, President of the Institute of Biomaterials, Tribocorrosion, Nano and Regenerative Medicine at the University of Illinois Chicago and a Clinical Consultant for TMJ Concepts, Ventura California.

Dr Larry M. Wolford, DMD

Dr. Larry M Woolford is a clinical professor in the departments of oral and maxillofacial surgery and orthodontics at Texas A&M University College of Dentistry, and in full-time private practice at Baylor University Medical Center, Dallas, Texas.

Dr. Wolford completed his dental school education at Temple University School of Dentistry in Philadelphia, PA, and his oral and maxillofacial surgery training at the University of Texas Southwestern Medical School in Dallas, Texas. He has been involved in resident training and education for 46 years. He sponsored and directed a fellowship program for TMJ and orthognathic surgery for 28 years. He has co-authored 2 textbooks, coedited 2 other textbooks, written over 40 book chapters, has over 220 publications and over 150 published scientific abstracts. He has received the William J.Gies Award and the W. Harry Archer Award. He is internationally known for his expertise in orthognathic surgery, TMJ surgery and sleep apnea surgery. He has developed many other surgical techniques, philosophies and evidence-based treatment protocols that are state-of-the-art.
